

# Superior Quality Care

## **Providing care like no other.**

Whether you require home care after surgery or hospice care at life's end, we bring innovative health care technologies and specialty services to you, wherever you call home.

## **State-of-the-Art Technologies – State-of-the-Art Care.**

Every nurse on our staff has instant access to patients' medical records and can update a patient's plan of care immediately through mobile devices. We also provide the latest in treatment equipment for our therapists and registered nurses. Each of our health care professionals is dedicated to providing unmatched care to patients and families.

## **We Stay Awake All Night, So You Can Sleep Easier.**

Nights, weekends and holidays - our Care That Never Sleeps<sup>SM</sup> Promise assures you that you will never have to deal with a medical emergency alone. We always keep a nurse on duty, in our office with access to all our patients' records, available 24 hours a day, 7 days a week.
